

Present digitally
Advise personalized
Sell Hybrid

The new driving style cleverdox – the perfect tool for Hybrid selling

Combine online and face-to-face appointments. The benefit: less travel time, efficient advice from field staff and office staff, up-to-date service for existing and new customers, personal support also for small customers possible.

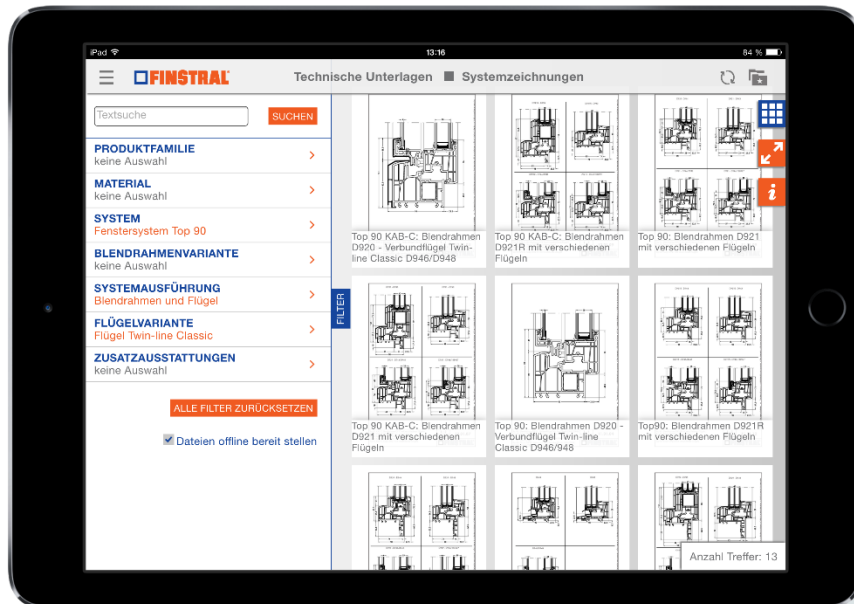

For companies, ...

- > whose field and office staff would like to present digitally and personalized in sales and advisory meetings.
- > who want to provide their retailers or partners with a clever solution for sales support or research.
- > who see digital sales as a competitive advantage and growth driver.
- > that want to fulfill customer requirements with certainty.
- > who never want to use "old" brochures, catalogues, presentations or data sheets again in the sales process.

Spectacular tricks cleverdox – assistance systems as standard
